

Does anyone remember the red spider lily? Before long these magical blooms will be popping up in surprising places! When those red flowers appear, we know that it's time for cool weather, school, tailgating and that MFWC CLUBS are ready to embark on a New Club Year!

The first meeting is always a fun time for members to catch up with each other. There is always excitement in the air as new worthwhile projects and programs are revealed. What better time is there to invite new club prospects?

Fall is an exciting time for Membership. MFWC will be "Raking In" members again this year! Also, don't forget about the Membership Contest! What Club couldn't use a few extra dollars?

A Spectacular September will be "popping up" all over Mississippi for our Sensational MFWC Clubs... Just like the magical red spider lily!

With a Volunteer Team Spirit,

Suzanne
