

CIVIC ENGAGEMENT AND OUTREACH

COMMUNITY SERVICE PROGRAM

2026-2028 GFWC CLUB MANUAL

"EVERY MOMENT IS AN ORGANIZING OPPORTUNITY, EVERY PERSON A POTENTIAL ACTIVIST, EVERY MINUTE A CHANCE TO CHANGE THE WORLD." — DOLORES HUERTA

According to The Center For Civic Leadership at the Alfred State School of Technology of the State University of New York, civic engagement means working to make a difference in the civic life of your community. It involves action by individuals or groups to engage with issues of public concern by taking action, being a problem solver, and working to address the root cause of community challenges.

The GFWC Civic Engagement and Outreach Community Service Program reminds GFWC members that each member is part of a larger society and we are responsible for taking actions that will create a better quality of life and foster a sense of community locally, regionally, nationally, and globally. GFWC focuses on addressing issues of public concern.

Volunteering is one of the best ways to put civic duty into action, and it is often the first step in building a stronger connection to community. However, there are other ways to contribute, such as advocating, fundraising or donating, and problem-solving. Locally, even supporting small businesses and keeping an eye on your neighbor can play a part in improving the community. The possibilities are endless. We advocate because there is a need; we volunteer because we are needed. GFWC's focus continues to be addressing issues impacting our local, state, and national communities.

Citizenship, crime prevention, safety, disaster preparedness, serving the hungry, unhoused, those in need, and recognizing military personnel and veterans are just a few of the many areas GFWC members have impacted throughout our history.

Now, think about your own community. What is needed where you live? What issues are affecting your neighbors, your town, or the wider world?

Look around you and consider how you and your club can make a positive difference. Choose an area of need, then take the next step to help create meaningful change.

2026-2028 UNITY PROJECT

SAVE THE BEAT!

LEARN. ACT. SAVE.

For the 2026-2028 administration, we are challenged with UNITY PROJECTS that reflect our members interacting with our communities and other community organizations to have a notable impact.

Conduct a CPR training session at each club and State/District of Columbia Federation! And don't stop there – **EACH YEAR, try to certify at least 100 community members in CPR between July 1, 2026, and March 15, 2028!** Annually submit these efforts via email to the chairman using the fillable form found in the Digital Library on the Member Portal, by March 15, to receive a certificate of recognition for club websites and social media.

We will find success in this when we partner with highly qualified trained professionals, and we leverage our considerable planning skills. Here is a suggested checklist to help us succeed in our public safety efforts.

1. Choose a format.
 - In-person workshop which is best for hands-on practice and community bonding.
 - Youth-focused track tailored for teens through college-age to encourage volunteerism and action in our next generation.
2. Contact qualified group trainers who will conduct the session.
 - Possible resources include Local EMTs or Fire Departments, American Red Cross, and CPR Certification programs in the state via an Internet search.
 - Confirm the cost per participant student based on the provider.
 - Local EMTs may offer free or discounted community sessions.
 - Decide if the club will cover the training fee for the students.
3. Select a venue.
 - Contact area schools and churches for space.
 - Community centers and public libraries may have meeting rooms perfect for the training.
4. Set a date and start promoting the session.
 - Work with the city or the provider on a theme for the training.
 - Post flyers at local businesses/daycares/stores and utilize social media posts, school newsletters or blogs, church bulletins, and city message boards to broadcast the day/time/location/cost of the training.
 - Share stories of how CPR saves lives.
 - Offer scholarships or free spots if there is a fee for the students. Let potential trainees know how they can qualify for one of the free or reduced fee spots.
5. Training and Certification

- Most CPR classes take 2-4 hours depending on what the provider includes. Consider including proper AED training in the session as many employers, schools, churches, and city buildings now have the devices.
 - Participants receive a CPR certification card.
 - Certification is valid for 2 years.
 - The certifications are accepted by employers, schools, and volunteer organizations.
6. Other considerations
- As the club collaborates with the provider, consider whether the club will run a fundraiser to help defray most of the training costs.
 - The club may wish to contact other community service organizations to partner in the training to emphasize the UNITY in this public safety project.
 - The club may wish to purchase Automatic External Defibrillator (AED) devices for locations that currently need them.
 - Share the success of the training on social media and with GFWC!
7. Keep a tally!
- Be sure to keep track of the number of people your work has helped get certified in CPR. You'll be asked to include the tally on the annual form submitted to the chairman during the administration.

GFWC members, clubs, and federations are encouraged to focus on efforts to educate their community members in the life-saving skill of CPR. Every parent, grandparent, childcare worker, babysitter, teacher, bus driver, Uber driver, restaurant worker, and person standing at a bus stop or in a grocery line needs to know CPR. GFWC members can be the life-or-death difference in the event of a medical emergency. Heart attacks, choking, broken bones, open wounds, and falls occur every day someplace in your community. GFWC clubwomen can be "lifesavers" by offering education and training opportunities to their fellow citizens. Caring for your community and working with others to make it a safer place is a great example of Civic Engagement and Outreach.

GFWC clubs are encouraged to participate in the "Save the Beat" UNITY PROJECT that improves community preparedness utilizing outside expert resources! Please document the club member efforts in increasing CPR certifications. Clubs will receive, via email to the Contact Person, Certificates of Recognition for the following activities:

- **The club held a training session for club members**
- **The club sponsored a community/employer training event**

Completed forms must be emailed to: GFWC Civic Engagement and Outreach Chairman Nancy Dickman (nancy-dickman@outlook.com) no later than March 15 annually. The form can be found on the next page and in the Digital Library on the Member Portal.

FEATURED PROJECTS

BUS STOP BENCHES

When the GFWC Valamont (TN) club noticed that local CARTA bus stops had no seating, they began making and painting benches for bus stops. They partnered with ACE Hardware, Home Depot, and Gideon Paint Co. for supplies and donations. Several students from the local school system also assisted with making benches. In addition to making benches, the students made seating boxes from the lumber scraps. Facebook requests for bench sponsors resulted in 70 benches made.

SELF-DEFENSE FOR WOMEN

The GFWC Yucaipa Woman's Club (CA) empowered members and guests by hosting a women's self-defense class led by local experts, a Black Belt in Karate, and a former police officer, who volunteered their time and skills. Participants learned practical techniques to boost awareness, confidence, and safety. By the end of the session, attendees felt more prepared to protect themselves and safer when alone, walking away with not just new skills, but a renewed sense of strength, self-assurance, and personal empowerment.

COZY'S FOR YOUR TOE-SY'S

GFWC Hampton Rapids Junior Woman's Club (IL) members each brought five pairs of socks: men's, women's, and children's. They were stuffed with snacks, toothbrushes, toothpaste, and floss. A ribbon at the top with a card "cozy's for your toe-sy's, some snacks for you to eat, toothbrush, toothpaste and floss so the dentist you won't meet." 87 pairs of socks were delivered to a shelter/meal site for distribution.

BACKPACKS WITH BASIC SUPPLIES

GFWC Circleville Junior Woman's Club members assembled backpacks filled with care for those experiencing housing insecurity. Partnered with Pickaway County Community Agency, they packed each backpack with essentials requested by the community – tarps, gloves, hats, socks, duct tape, rope, batteries, lip balm, lotion, and hand sanitizer. With the agency's help, these backpacks were delivered directly to those in need, offering comfort, compassion, and a reminder that the community cares.

PROJECT IDEAS

The Civic Engagement and Outreach Community Service Program is far-reaching and sweeping. It can be hard to isolate ideas. GFWC hopes you find inspiration from these ideas for club projects. Find further information about organizations named here and under Resources.

Remember, these are not guidelines, just suggestions, and all projects involving civic engagement and outreach fall under the Civic Engagement and Outreach community service program. Think creatively and find a need in your community that will make a difference to your club, your neighborhood, or your state.

Or work with a school to create a short play for students that inform about "Symbols of the United States," including the U.S. flag, Uncle Sam, the Liberty Bell, the bald eagle, the Statue of Liberty, and others.
- Help an individual or a small group study for the U.S. Citizenship test.
- Host a Naturalization Ceremony in your community.
- Collaborate with bookstores or libraries to create a prominent display of nonfiction books that commemorate Women's History Month in March. Telling the "herstory" of women's suffrage.

- Prevent crime and make homes and communities safer by providing information on crime prevention strategies, such as neighborhood/park watches and suspicious activity reports. For helpful information, provide a listing of non-emergency numbers or websites for your community.
- Support and thank local Police and Fire Departments for keeping the community safe. Consider making gift bags that include snacks, beverages, gift certificates, other small treats or necessities, and a handwritten thank you note. Or provide a monthly meal and/or dessert

to these first responders, with groups of club members working together.

- Spread the word about the danger of carbon monoxide poisoning in the home by providing information from the Centers for Disease Control and Prevention, including the signs and causes of poisoning, and how to prevent it. Collaborate with a local merchant to purchase carbon monoxide alarms at cost and then provide them to the elderly and/or needy.

- Go to the National Council on Aging for information about scams against seniors that target grieving spouses, worried grandparents, and those with medical concerns. Share fact sheets with members and friends, including "The Top Ten Financial Scams Targeting Seniors," and "Eight Tips for How Seniors Can Protect Themselves from Money Scams."

- Utilize materials from the National Safety Council and other experts to educate teen drivers about the dangers of distracted driving during Distracted Driving Awareness Month in April.
- Work with first responders and your local high schools to provide motivational presentations on at-risk driving practices, such as texting and failure to use seat belts.
- Learn to stop traumatic injury bleeding, which is the leading cause of preventable death in a severely injured person. Find tools through the national awareness and training campaign, Stop the Bleed, directed by the American College of Surgeons. Sponsor a course for club and community members that offers hands-on practice to apply direct pressure, pack a wound, and use a tourniquet.
- Plan a club or community program with first responders in September, National Preparedness Month, on possible emergency situations, natural disasters, and how to be ready at home.
- Provide information to community members on how to make a Disaster Preparedness Toolkit.
- Create a Family Emergency Binder in case you need to leave home quickly due to a disaster in your community. Include contact information for family, business associates, and close friends. Keep copies of your vital documents such as passports, licenses, deeds, veterans' paperwork, credit card numbers, and legal documents. Be sure to include current medication lists for all family

members (and pets). Having a list of your important websites and passwords can save time in a crisis. A sample table of contents is available in the Digital Library on the Member Portal as Family Emergency Notebook Guide.

- Make a home inventory using photos and/or a video in case you need to identify missing or damaged items

- Donate clothing, nonperishable food items, backpacks, and other items to VA events that provide necessities, health screenings, and referrals for veterans experiencing housing instability.
